the second in a two volume chronologically arranged compilation of primary and some secondary sources in western civilization organized around eight major themes to provide direction and cohesion to the book while allowing for originality of thought in both written and oral analysis readers are presented with basic questions regarding historical development human nature moral action and practical necessity while

incorporating a wide variety of political social economic religious intellectual and scientific issues the readings present history as a vehicle for better understanding in the present rather than a stagnant observation of past societies the volume addresses the age of absolutism through the contemporary world including foundations of the modern world the era of revolution and the age of anxiety for those interested in an analysis of fundamental historical questions and concerns

concise comprehensive information to give readers a sense of the sweep and continuity of western history from the national book award winning author renowned historian william h mcneill provides a brilliant narrative chronology of the development of western civilization representing its socio political as well as cultural aspects this sixth edition includes new material for the twentieth century period and completely revised bibliographies an invaluable tool for the study of western civilization the handbook is an essential complement to readings in primary and secondary sources such as those in the nine volume university of chicago readings in western civilization

a comprehensive yet concise introduction to western civilization designed to interest and engage contemporary students western civilization a brief history is a concise one volume survey that covers the subject s ancient origins through to the early 21st century stressing social and intellectual history rather than merely listing names and dates this stimulating resource offers a more consistent and reader friendly narrative than traditional textbooks the author with 40 years experience teaching college level western civilization and world history courses emphasizes topics that stimulate student interest and encourage classroom participation a mixture of judeo christian greco roman germanic traditions western civilization first appeared in europe following the fall of the roman empire in the west the text explores key events figures themes and characteristics in the history of western civilization grouped into six parts chapters include brief chronologies of events maps and illustrations topics include europe in the middle ages the renaissance and reformation the rise of medieval christianity darwin and the theory of evolution the industrial revolution imperialism the world wars of the 20th century the cold war and many others written with the needs of today s students in mind this textbook offers accessible and straightforward coverage of the history of western civilization provides a consistent style of writing and organizational theme includes chronological overviews of ancient greece rome and the near east western civilization a brief history is an ideal introductory textbook for both traditional and non traditional programs and western civilization courses at universities and colleges as well as for those in dual enrollment and home school settings

in this book the author tries to discover what goals people are striving to attain what behavior members of our culture expect their fellows to follow and what methods

westerners have adopted to achieve their purposes

western civilization in world history takes up the recent debates between the well established western civ approach and the newer field of world history stearns reviews and analyzes key aspects of western civilization in a global context

purchase of this book includes free trial access to million books com where you can read more than a million books for free this is an ocr edition with typos excerpt from book ill the contribution of greece and rome it might appear the height of paradox to preface a discourse on the ancient world by asserting the conviction that the only genuine and important history is contemporary history yet reflection on this doctrine will show that it is not only consistent with a serious and steady interest in what is called antiquity and indeed in the past in general but its only rational basis and justification were the past really past it were dead dead and done with and it were wisdom for us who are alive to let the dead bury their dead much of what has been done and suffered under the sun is indeed gone beyond recall and is well buried in forgetfulness in such forget fulness lies the fact and evidence of progress vex not its ghost no necromancy will or should evoke the departed spirits or avail to make them utter significant speech to living men the chain of links which once bound stage to stage of human history is somewhere for ever broken and as we retrace in the memory of the race or in that of individual the ariadne clue which we here call the unity of history it vanishes somewhere beyond our vision into the dark backward and abysm of time true of late archaeology and anthropology have cast their search lights into the darkness piercing a little deeper than of old into the mists that surround the origins of our civilization but before that dimly illuminated region of pre history there still lies and will always lie an impenetrable pall as again in thought we move forward down the stream of time the light available to us for a while increases increases till we reach the present where it threatens to blind us with its dazzling excess and then suddenly fades and is quenched in the twilight and final darkness by which
